Webinar Series: Compassion Fatigue: Additional Risk While Serving Vulnerable Populations During a Pandemic

Monday, May 18th at 2 p.m.

Join Indian Health Services (IHS) and the Substance Abuse and Mental Health Services Administration's presentation, "Compassion Fatigue: Additional Risk While Serving Vulnerable Populations During a Pandemic." The purpose of this session is to raise awareness about compassion fatigue. Compassion fatigue is often described as the cost of caring for people who are in emotional and physical pain. The current pandemic has heightened concerns that providers may experience compassion fatigue.

PTTC

Webinar Series: The Substance Abuse and Mental Health Services Administration's (SAMHSA) Partnerships for Success (PFS) Academy 2020

Tuesday, May 19th at 10 a.m.

SAMHSA's Strategic Prevention Framework (SPF) provides practitioners with comprehensive guidance to more effectively address substance misuse and related behavioral health problems in their communities. This seven-part webinar series hosted by the Prevention Technology Transfer Center Network (PTTC), will explore the five-step, data-driven process to:

- Identify genuine prevention needs;
- Build capacity and plans to address those needs;
- Implement effective programs and interventions; and
- Evaluate and continually improve prevention efforts.

Webinar Series: Strategies to Support the COVID-19 Response in Lower Middle Income Countries

Tuesday, May 19th at 9:30 a.m.

Join Johns Hopkins, Center for Global Health, as they present a series of short lectures on treating COVID-19 patients at Johns Hopkins Hospital. Hopkins faculty will talk about their experience and the latest data across key topic areas and provide resources to help others address the pandemic within their institutions.
